With over 50 years of experience behind us, we at MCC pride ourselves in being a leading manufacturer of Tailored and Custom Dental Cabinets. Our dedication and longevity are integrated in the quality and design of our Dental Cabinets. This enables us to help you build a Total Work Environment that works for you and your new, or preexisting practice. We offer a wide range of Tailored and custom cabinet solutions that best suit your practice needs whether it be Orthodontics, Pediatric Dentistry, Oral Surgery or Endodontics. We use the highest quality materials available, some imported directly from Italy. We have customers from 35 years ago who still have cabinets they bought at that time. In some ways, it's no different than anything else. Customers who are good at keeping their workspaces clean and dry will have a long life for their furniture.

**CABINET ORDERS**

All orders must be placed through an authorized MCC dealer. Minimum retail order is \$60.00. Orders must be submitted with a sketch and floor plan. Orders received will be acknowledged within 72 hours. Please contact our Customer Service Department immediately if your order acknowledgment is not received within this time frame. Order acknowledgments and sketches must be signed by the dealer and returned to MCC within 5 business days. All orders are quoted in retail pricing except for freight, installation/delivery and special color charges, which are quoted at dealer cost. MCC reserves the right to change cabinet designs without notice.

**PLACING AN ORDER** (email to: [orders@mcc dental.com](mailto:orders@mcc dental.com))

When placing a cabinet order, the following must appear on your purchase order:

• Model, Part, Sketch and/or Quote Number	• Signature of Purchaser
• Date Required and/or Install Date	• Purchase Order Number
• Order Date	• Cabinet, Countertop and Edging Color
• Shipping Instructions	• Accessories and/or Options
• Contact Person and Number	• Quantity

**NON STANDARD COLORS**

All non-standard color cabinet and countertop orders will incur an upcharge. Add 2-3 weeks to standard lead times for non-standard color cabinet and/or countertop orders.

**CHANGES / MODIFICATIONS**

Any major changes and/or modifications made to the original design and/or color of cabinet and/or countertop while in production will incur a 30% recovery fee. This fee recovers work in progress. Changes and/or modifications must be submitted to MCC in writing. Upon review and approval of the changes, the order's shipping and installation dates could shift depending on the degree of changes.

**CANCELLATIONS**

Orders cancelled within two weeks of the order date will incur a 40% cancellation fee. This fee recovers material cutting, production time and labor costs. Cancellations must be submitted to MCC in writing. Custom color orders may not be cancelled.

**DELAYED / RESCHEDULED SHIP DATES**

Orders which are requested to be rescheduled will be moved to the next available ship date. Orders which are requested to be rescheduled or have delayed shipping, post production, will incur local storage and handling fees until shipped.

# WHY CHOOSE MCC DENTAL FOR YOUR DENTAL PRACTICE

Since 1969, MCC Dental has partnered with dental professionals to understand and fulfill their unique business needs. We recognize that every practice is as distinct as the individuals who lead them, which is why we offer a diverse range of solutions tailored to meet the specific requirements of every dentist.

# 50+ YEARS EXPERTISE

For 50 years, we at MCC Dental have continually collaborated with dental professionals on the design of our practice cabinets. The result of our efforts is industry leading; well designed, and high-quality. Our cabinetry is also available using environmentally-friendly manufacturing techniques.

**Our philosophy** is to design and deliver the absolute best cabinets for your dental office. This includes working closely with our customers to ensure we understand their needs, and delivering a dental cabinet solution they will be satisfied with for years to come.

**Our goal** is to be among the leading cabinet manufacturer in the North American Dental industry. Whether you design your complete practice with our functional and beautiful units or augment an existing practice with our modular cabinets, our goal is to contribute to a professional looking environment that is pleasing to you, your staff and your patients.

## CUSTOM AND PRE-DESIGN OPTIONS

While we offer modular units like our Tailored Collection, we find that the custom units provide dentists with the greatest flexibility; dentists can design their patient service environments in a way that is most efficient with their unique layout and personal style.

**Today, MCC Dental is a market leader in custom cabinets.**

We maximized the functionality of our Rear, Side, Sterilization and Center Island cabinets, every corner, shelf and position has been transformed into useful space keeping our cabinets to the smallest footprint possible, while still accommodating everything required for today's well equipped dental facility.

We also recently launched a line of conveniently pre-designed Rear, Side and Sterilization cabinets, just pick colors and surfaces and they are ready to go. Built solid with the same quality, functionality and passion that make MCC Dental to stand out from the competition, all of it at an even better value.

## 15 YEAR WARRANTY

### WE HAVE YOU COVERED!

At MCC Dental we stand behind our products with a Fifteen (15) Year casework warranty (10-Year casework Allure Cab warranty). We want every MCC Dental customer to be satisfied and covered for a long time because, with more than 50 years in the business, we believe that our cabinets are built to last, with a craftsmanship and passion that distinguish us from our competitors. Whether it's modular, custom construction, sterilization or mobile cabinetry, our philosophy is always to design and deliver the absolute best and durable cabinets for your dental office.

## INNOVATION

We were the first to launch Sterilization units made of HDPE, an advanced anti-microbial material that **integrates the antimicrobial protection into the product during the manufacturing process.**

Our antimicrobial material inhibits the growth of microorganisms caused by bacteria, algae and fungi. Our products are also non-porous and kill the spread of bacteria resistant to moisture and mildew.

*The same base polymer (HDP) is used in luxury Yacht interiors because it's impervious to water damage, reason why we use it in all our cabinets' subbase.*

# TECHNOLOGY

## STATE-OF-THE-ART CAD AND PRODUCTION DEPARTMENTS

We have a state-of-the-art CAD department that provide perfect solutions for all the dental cabinetry needs, whether is a custom order for an entire practice or a single cabinet, all measurements are sent to the production department with 100% precision.

Once at the production stage, craftsmanship combined with state-of-the-art Technology and top-of-the-line Machinery provides consistent accurate drilling and cutting of all cabinetry parts, allowing us to be very precise in the construction process and more productive resulting in faster lead times.

### UNIQUE SERIAL NUMBER SYSTEM

Our one-of-a-kind Serial Number System ensures all the essential manufacturing details are readily available for seamless reordering. Whether a dentist decides to expand their practice with matching cabinets or relocate, all that's needed is the serial number to replicate the original design perfectly.

*Additionally, the serial number system helps streamline accounting by potentially making the investment eligible as a tax write-off—adding even more value to your purchase.*

## MATERIALS AND HARDWARE

Investing in well-designed, high-quality cabinetry today delivers long-term value as dental practices evolve to meet new and ever-growing demands. At MCC, we use top-of-the-line materials and hardware to ensure your cabinetry stands the test of time.

Quality is the foundation of a successful practice, and we take pride in seeing dental offices still utilizing our cabinetry efficiently after 30+ years—proof of the durability and excellence of our materials.

Double Wall Drawer System with soft close feature and full extension slides allow "silent close" operation, 88 lb. load capacity with aesthetic 4-way gap adjustment, drawer face retrofit.

## SAFETY

Our ASEPTX® Sterilizations provide a real solution for antimicrobial hygiene. The **High Density Polymer (HDPE)** material advanced antimicrobial technology protects against bacterial degradation by inhibiting the growth of microorganisms caused by bacteria, algae and fungi. We also build Mobiles made of HDPE.

**Center Island Non-Lead Radiation Shielding Technology.** We offer a safer, more environmentally friendly, lead-free solution to traditionally lead-based radiation shielding products.

We recently launched a new line of countertops made of **Antimicrobial Enhanced Solid Surface**. We offer optional antibacterial handles for our ASEPTX® Sterilization units.

## FAST LEAD TIME

We complete projects with an efficient lead time, often faster than the competition.

## CUSTOMER SERVICE/SUPPORT

**24/7 Online Support** via MCC 360 System (available to Dealers only) including Live Ship Date and Lead Time. Our live operators are available during work hours, 8:30 - 4:30 E.T..

# TERMS AND CONDITIONS

## TERMS

All prices, unless otherwise listed are FOB Maple, Ontario, Canada. Payment terms are specified on each invoice and are due in MCC's office by this date. Discount does not apply to freight, installation/delivery and/or special color charges. A service charge of 2% per month (annual 24%) will be charged on past due accounts. All prices are subject to change without notice.

## RETURNED GOODS

An MCC factory Return Authorization Number (RAN) must be obtained from MCC for the return of any warranty or special sales situation. A Return Authorization form must be completed and faxed to our customer service department. If authorization is granted, transportation charges must be prepaid on ALL return items and received in good condition. The RAN must be clearly marked on the packing slip. Custom design cabinets or Mobiles, including special colors, are NON-RETURNABLE under any circumstance. An RAN does not guarantee credit. Credit will not be issued until after receipt and inspection of the returned items has been assessed. All returned items are subject to a 20% restocking fee and credit will be based on the original invoice price. MCC's Receiving Dock will not accept any returned freight that does not have a legitimate RAN. Please contact MCC for proper procedure information.

## SHIPPING AND TRANSPORTATION

Arrangements for preferred carriers should be made in advance, in the absence of shipping instructions MCC reserves the right to determine the best mode of transportation based on the cabinet/equipment order.

## FREIGHT DAMAGE

Merchandise arriving with visible external damage should be thoroughly inspected and clearly described on the bill of lading, by the customer, and the carrier should be notified IMMEDIATELY. If concealed freight damage is revealed upon unpacking of cabinets, the carrier and MCC should be notified IMMEDIATELY. Digital photographs of all damages should be emailed within 10 days of receipt of the shipment. The carrier is responsible for damage or loss in transit. If damage is not noted on the bill of lading, the buyer must accept full responsibility for any damage discovered at a later date.

## WATER DAMAGE

Proper care and maintenance must be adhered to in order to prevent water damage. This means thoroughly wiping excess water, solvents and liquids from countertops. MCC is not responsible for any water damage. At MCC Dental we stand behind our products with a Fifteen (15) Year casework warranty and Ten (10) Year casework warranty for the Allure Collection. We want every MCC Dental customer to be satisfied and covered for a long time because, with more than 50 years in the business, we believe that our cabinets are built to last, with a craftsmanship and passion that distinguish us from our competitors. Whether it's modular, custom construction, sterilization or mobile cabinetry, our philosophy is always to design and deliver the absolute best and durable cabinets for your dental office.

# LIMITED WARRANTY

In effect as of June 1, 2021

## INTRODUCTION

At MCC Dental, we stand behind our products with the 15-year casework limited warranty set out below (and Ten (10) Year casework warranty for the Allure Collection). We want every MCC Dental customer to be satisfied and covered for a long time because we believe that our cabinets are built to last, with a craftsmanship and passion that distinguish us from our competitors. Whether it is modular, custom construction, sterilization or mobile cabinetry, our philosophy is always to design and deliver the absolute best and durable cabinets for your dental office.

## SCOPE OF WARRANTY

MCC Dental warrants that any products manufactured by MCC Dental (except for "Exclusions" below) with defective workmanship under normal interior intended use and service of products will be repaired or replaced. This limited warranty is restricted to defects that are reported to MCC Dental within the applicable warranty period and which prove to be defective upon examination by MCC Dental. This limited warranty is only available to the original retail purchaser of warranted product.

## WARRANTY PERIOD

The applicable warranty period for any particular product, which begins from the date of delivery to the first retail user, is as follows:

- a. 15 years for most MCC Dental brand casework cabinetry (custom and modular) and 10 years for the MCC Dental Allure Collection casework cabinetry which includes door and drawer fronts, but does not include the items listed in b. through d. or any "Exclusions" listed on next page

# TAILORED SOLUTIONS FOR YOUR DENTAL PRACTICE

- b. Standard manufacturers' warranty policy applies to any delivery system installed in MCC cabinets. See manufacturers' warranty for details.
- c. 2 years for task light ballasts
- d. 2 years for Promotional mobiles

## EXCLUSIONS

MCC Dental's warranty does not include coverage for electrical components, plumbing accessories, sinks, and faucets. Warranties for these excluded items are provided by the manufacturer to the first purchaser, and any information on the warranties of these manufacturers will be available with the applicable products.

This limited warranty also does not cover:

- a. Any damage, in whole or in part, caused by misuse, negligence, abuse, change of business location, accident, freight damage, alteration, tampering or the failure to obtain repair or replacement during the warranty period
- b. Water damage
- c. Color changes caused by artificial or natural light
- d. Products not properly installed, cleaned, used and maintained as instructed in the MCC Dental "installation" and/or "installation/operation" manual for the product
- e. Consumable products such as surge protection/light bulbs

- g. Components or products not purchased from MCC Dental or an authorized MCC Dental dealer
- h. Components or products that have been used directly or indirectly with unauthorized third-party products or parts
- i. Expenses and costs of maintenance, adjustment, repair or cleaning not expressly authorized by MCC Dental
- j. Representations or warranties made by anyone other than MCC Dental

MCC Dental is not responsible for costs and expenses relating to removal, installation, repainting, refinishing or any other costs beyond the replacement or repair of the warranted item.

MCC Dental does not warrant that a repaired or replaced item will have the exact same Color, grain, texture or finish as the original item.

## OBTAINING WARRANTY SERVICE

Warranty service must be obtained by MCC Dental or any MCC Dental authorized dealer where warranty service is requested. For more information on warranty service or issues, MCC Dental can be contacted by phone at 1-800-388-6236 or by email at [customerservice@mccdental.com](mailto:customerservice@mccdental.com).

## EXCLUSIVE REMEDY; LIMITED LIABILITY

The sole obligation of MCC Dental under this limited warranty is the replacement or repair of defective components or products to which this limited warranty applies.

The maximum liability of MCC Dental, together with its employees, contractors, suppliers, directors, officers, agents, resellers and dealers, to you is limited to the original purchase price you paid for the warranted product.

MCC Dental is not liable for and hereby disclaims any direct, indirect, incidental, consequential or exemplary damages or delays, including but not limited to, damages for loss of income, profit, downtime, employee or independent contractor payments, wages, benefits.

## OTHER

No claim or action may be brought against MCC Dental for breach of this limited warranty, an implied warranty, if any, or for any other claim arising out of or relating to the products, more than ninety (90) days following expiration of the limited warranty period to which the claim or action relates.

This limited warranty and any disputes arising out of or in connection with MCC Dental products shall be governed by the laws of the Province of Ontario and the laws of Canada applicable therein, and shall be in the exclusive jurisdiction of the courts located in the Province of Ontario.

If any provision of this limited warranty is invalid or unenforceable, the meaning of such provision will be construed, to the extent feasible, so as to render the provision valid and enforceable, and if no feasible interpretation would save such provision, it will be severed from the remainder of this limited warranty, which will remain in full force and effect.

MCC Dental reserves the right to modify or withdraw this limited warranty at any time without notice. Any such modification or withdrawal will not affect products installed and fully paid for prior to the date of such modification or withdrawal.
